

# SMART TUITION - Account Access & Setup Information

To access your Smart Tuition account, go to the following website: <https://parent.smarttuition.com>

This will bring you to the main **SMART TUITION** parent login page (see below).

All families are already *enrolled* in Smart Tuition, but you may need to *create an account*.

## TO CREATE AN ACCOUNT:

If you have not yet created a username and password, click on “**First time user?**”

You will need just **TWO** of the following pieces of information to create your account:

- Email address
- Phone number
- Smart Tuition Family ID

**NOTE:** Do NOT click on “**Not registered yet? Click here to enroll**”:

(All families have been enrolled and this would create a duplicate enrollment)
